

Non-Profit Charter Status

March 1st, 2018

Regarding the Charitable Status of *Memories In a Mansion*

This letter declares that National Service Charity INC has extended Charter non-profit status (501 c3) to the Memories in a Mansion project as envisioned by Diana Aldereguia and places her as the director of this program with access to the funds which she and her committee are able to raise.

We are granting permission for Diana and her supporters to solicit tax deductible donations for these charitable activities using our EIN: 27-0922957. National Service Charity will send a tax receipt to the donor when notified at nationalservicecharity.org/tax-receipt-request

National Service Charity grants "Non-Profit Charter Status" as of the date of this letter and encourages Diana to be bold in building a network of support for her charitable activities as we believe that her project is within the scope of our own IRS non-profit charter.

Sincerely,

A handwritten signature in black ink that reads "Anthony R. Locke". The signature is written in a cursive, flowing style.

Anthony R. Locke

Executive Director
National Service Charity
